Revoke Disloyal Teacher Licenses, Promise of Wood.
SACRAMENTO, Feb. 11.—California stands ready to revoke the license of every disloyal teacher holding a license under the jurisdiction of the State Board of Education, according to a telegram sent today by Superintendent of Public Instruction Wood to Henry J. Ryan, chairman of the American Legion committee of the American Legion.

Two-Day Recess for Legislature.
ARIZONA TO CELEBRATE ANNIVERSARY DAY MONDAY; NEW BILLS INTRODUCED.
PHOENIX (Ariz.), Feb. 11.—Both houses of the Legislature today recessed till Tuesday, Monday being Anniversary Day and a holiday. Possibly the most important feature of the day was an assault on personal conduct in the Senate. Senator Elliott offered a bill authorizing the State Board of Education to suspend teachers for physical examination before the day is held. At present such action is barred and the bill is in a bad condition. Opposition is expected from the labor union.

France and Japan Said to be Blocking Settlement.
WASHINGTON, Feb. 11.—The international communications conference, convened at the State Department after an interim of two months, adjourned today without reaching a decision on the disposition of the German cable and other session will be held Tuesday.

Washington News in Brief.
WASHINGTON, Feb. 11.—Senator Borah, in a Senate debate on the disarmament question, predicted war between the United States and either Japan or Great Britain if competitive navy building continues.

France Ready for Peace Conference.
STRENGTHENS HAND FOR LONDON MEETING BY CAPTURE OF ALINTAB FROM TURKS.
PARIS, Feb. 11.—To strengthen their hand at the new Turkish peace conference scheduled to begin in London, February 11, the French have captured the city of Alintab from the Turkish Nationalists, thus spanning with their left hand Mustafa Kemal, whom they support with their right.

State Department Gets Red Secrets?
PARIS REPORT SAYS CAPITAL HAS REPORT OF BOLSHIEV MEETING AT BREMEN.
PARIS, Feb. 11.—The American State Department, according to the Paris Press, is believed to have obtained a stenographic copy of the proceedings of the international Bolshiev propaganda committee which met secretly in the suburbs of Bremen at the end of December.

Diegel and Loos Hang It on Hunter and Black.

Match Featured by an Impromptu Driving Tilt.

Pro-Amateur Event is Scheduled for Today.

BY PAUL LOWERY.

Dr. Paul Hunter and John Black tried to stage a Garrison finish in their exhibition golf match with Leo Diegel and Eddie Loos over the Pasadena links yesterday afternoon. The fact that Black pitched the first shot of the match, and Diegel and Loos won from the start, was a surprise to the spectators. The match was a pro-amateur event, and the two amateurs, Diegel and Loos, were the favorites. They were both in the 1920 open titleholder by a score of 1 up.

Baseball Magnates Expect a High-Powered Season.

CHICAGO, Feb. 11.—The American League baseball season will open on Wednesday, April 13, and close on Sunday, October 3, according to the official 1921 schedule, released tonight by B. B. Johnson, president of the league. The schedule calls for 154 games, each club playing half this number on the home grounds.

Sunday games at Washington and New York, which were introduced into the league at the end of the season two years ago, and which became a part of the regular schedule last year, again have been scheduled, with the Washington club and Philadelphia, and thirteen Sabbath games each being awarded to New York, Chicago and St. Louis, while Detroit has been given twelve.

All the cities in the league permit baseball on Sunday except Boston and Philadelphia. In playing the full schedule it will be necessary for each club to make three swings around the circuit. The season will open with western clubs playing western clubs and eastern representatives meeting each other.

Opening games are listed as follows: Chicago at Detroit. Cleveland at St. Louis. Philadelphia at New York. Boston at Washington. All the clubs which start the season away from home will return to their own grounds on April 21 and give the home folks their first opportunity to see their own team.

BACK HOME. Chicago, after the opening games at Detroit with the Tigers, will jump down to St. Louis and tackle the Browns in a series after the White Sox will come back home and meet the Cubs at Chicago. Cleveland, the world's champion, who start the season at St. Louis, will then Tris Speaker will take over from the first game on the road.

ONLY A DOZEN. Chicago, Detroit, Washington and New York have been awarded thirteen Saturdays each, while the other four clubs—Cleveland, St. Louis, Philadelphia and Boston—have been given a dozen each.

DOUBLE HEADERS will be played in all cities on holidays. Independence Day—July 4—Chicago at New York; Cleveland at Detroit; Washington at Boston and Philadelphia at St. Louis. The following table shows the number of Saturday, Sunday and holiday games of the clubs at home and abroad:

CLUB	AT HOME	AWAY	TOTAL

Opening their season on April 16 with Pennsylvania at the Housatonic regatta, the Yale men will meet six eastern opponents before June 24, when the dual regatta with Harvard at the Thames at New London will close this year's program.

DREYFUSS PULLS A BONER.

Letting of Zeb Terry Filt to Chicago Cubs Smacks of Baseball Dotage.

BY HARRY A. WILLIAMS.

It permitting Zeb Terry to go to the Chicago Cubs for a cash consideration is a fair sample of Barney Dreyfuss's baseball acumen, not a few will begin to regard Brother Barney as in his baseball dotage. Mr. Dreyfuss did just that little thing about one year ago, and it cost him dearly in various ways. For one thing, it is the contention of a considerable number of critics that the retention of Terry might have put the Pirates in the pennant-winning class, or at least constituted them such close contenders that the race would have been more materially augmented.

Now, however, comes more concrete evidence of Terry's worth. In the season's record is inferior to Terry. A report that Dreyfuss had let Terry go to the Cubs, and that he had been paid a large sum of money, is a fair sample of Barney Dreyfuss's baseball acumen, not a few will begin to regard Brother Barney as in his baseball dotage.

COAST MEN TO BOOS SKATERS.

LAKE PLACID (N. Y.) Feb. 11.—The International Skating Union of America at its annual meeting here today elected officers as follows:

A. I. Blanchard, Pacific Coast Association, president; E. A. Mahlik, Western Association; Charles E. Ward, Pacific Coast Association; Louis Rubenstein, Canadian Association, and J. A. Taylor, Western Canada Association, were elected to the board of control.

One of the most important amendments to the bylaws was that raising the sanction fee for national and international meets from \$15 to \$100.

Also association membership dues were raised from \$10 to \$25.

Harmony Reigns in the Annual Ball Meeting. CLEVELAND (O.) Feb. 11.—Complete harmony marked the annual meeting of the American League here today, all of the clubs being represented, except New York. The rule governing sending of first-year players to the minor leagues was amended to make the number unlimited, such first-year men, however, cannot be "mailed" or drafted players. The limit also was reached from the number of players to farm out, the previous limit being eight.

Another rule amended permits a player who has been in the major league for ten consecutive seasons to demand an unconditional release after waivers have been served on him. Under the former rule the player had to wait ten days after the waiver period.

GIANTS HOPEFUL OF WINNING GAME. With Of Mooney back on the mound and who declares he is in fine form, the Alexander Giants feel confident of grabbing off an initial victory in the Suburban League this afternoon, when the club meets the Union Tool Company team of Torrance. The game will be played at Carroll Park, thirty-second street and Long Beach avenue. A capacity crowd is expected.

BEAR STADIUM TO SEAT HUGE CROWD. BERKELEY, Feb. 11.—An immense stadium will be erected on California Field, where annual griddon contests are now played, according to plans announced today by the grounds and building committee of the board of regents of the University of California. The stadium which will seat 10,000 persons, will be located in the neighborhood of 1,000,000.

POLO SEASON STARTS IN. MIDWICK is entering three teams to compete with entries from Hollywood and the Santa Monica area. The teams are the Hollywood team, the Santa Monica team, and the Midwick team.

WINS HARD MATCH. ALBERT LEE (Minn.) Feb. 11.—Helmie Myre of Mason City, Iowa, claimant of the world's lightweight wrestling championship, outwrestled twelve pounds, lost to George Gion, here last night, conceding defeat under the torture of a bar hammer lock. Myre fought the hold for ten minutes.

SOCCER IN FULL SWING. The Uniteds will travel to Pasadena for their last league game of the season. The boys from Hollywood are expected to win, but the Uniteds will give them a hard fight.

INZIG GETTING THEM FIT. The second annual boxing tournament will be staged at the University of California (southern branch) towards the end of this month. The tournament will be a series of boxing matches between students of the university.

AUTO THIEVES GET SIX CARS. The following cars were stolen yesterday: Ford 1921 touring, black, 317-781; Cadillac 1920 roadster, blue, 218-100; Peerless 1920 touring, dark green, 449-118; Chandler 1920 touring, black, 239-940; Ford 1920 touring, black, 269-598. Persons seeing any of these machines are requested to report the matter to the Auto Club theft bureau or to police officials.

NEW CRUISER RECORD. MIAMI (Fla.) Feb. 11.—Another world's record for one mile over a two-mile course was established here today when Capt. J. W. Johnson, of the U. S. Navy, won the mile cruiser race in 18m. 34.2s. This is at 32.2 miles an hour.

MANILA POLICE. The Manila police have arrested a man who was caught stealing a car. The man was caught by the police while he was driving the car on a public road.

ATTORNEY SAYS LANDS IS OK.

POWER BOATS MAKE FOUR NEW RECORDS. MIAMI (Fla.) Feb. 11.—The world's records for power boats were broken today by power boats racing in the annual motorboat race, conducted, according to the Miami Herald, by the Miami Motorboat Club. The race was held on the Biscayne Bay, and the records were broken by the power boats.

REDHEAD HANDICAP FEATURE BIKE RACE. The Dick Fick Redhead handicap race was a feature of the Miami Motorboat Club race. The race was held on the Biscayne Bay, and the records were broken by the power boats.

ANCIENT SKATER STILL HAS SPEED. NEW YORK, Feb. 11.—Stephen O'Brien, 66 years old, an amateur skating champion of more than thirty years ago, was another medal winner today as a result of a skating feat last night.

W. E. HARPER COPS GOLDFING HONORS. SAN DIEGO, Feb. 11.—William E. Harper of this city, today won the Coronado Country Club's handicap golf tournament, defeating C. Stebbins, 1 up and 1 to play over eighteen holes. Experts pronounced it one of the best matches played here in years.

WICHITA POLO TEAM HERE FOR TOURNAY. The Wichita (Kan.) polo team, here to participate in Southern California events, will play at the Midwick field this afternoon. The team is expected to win, but the Midwick team will give them a hard fight.

STROUD SIGNS UP. SALT LAKE CITY (Utah) Feb. 11.—The Salt Lake City baseball club of the receipt of the signed contract of pitcher Ralph Stroud. Stroud was the leading pitcher of the Coast League last year.

AGGIES SWAMPED. EUGENE (Ore.) Feb. 11.—University of Oregon swamped Oregon Agricultural College at basketball in the first of a two-game series here tonight, 42 to 21.

TRACK MEET APPROVED. PHILADELPHIA, Feb. 11.—The Philadelphia track meet, which was held at the University of Pennsylvania, was approved by the board of regents of the university.

Why not have a "Duty Day?"

Good morning, Los Angeles. Personal Man, have you paid your license fee?

It is possible to get a draft through one of the new five-cent stores if you use a hat pin.

The tornado season has opened in the South. Nothing like that in the old Southern California.

Los Angeles has won the big plane base and it is a long time from this town to Moose Factory, Ontario.

Why not have the city register lectures on crime? They have a more about it than the police. And that is the truth.

Burglars should not park their cars in blocks along narrow streets. It makes it almost impossible for the patrol wagon to get by.

If there is ever an outbreak of the Bolsheviks in Los Angeles, the first point of attack will be the state stocks. Are there any in town? Yes, do.

Thirteen million dollars are reported in the United States. Simultaneously with this John Bull will likely file a claim for a loan.

A number of the present members of the Wilson Cabinet, it is announced, "have made no plans for the future." In other words, they are looking for a job.

That American admiral who brought seven Russian children into this country for adoption, intends to start his own Russian ballet. With regards to Paris.

Of course, the cost of bread can be reduced if every family bakes their own, but that would be a work so well, it would hamper the baker and mother in attending to the movies.

The price of seats in the New York Stock Exchange is advanced. But to the Angelinos who have been accustomed to standing on the street cars the high price will be no figure.

The talk about granting independence to the Philippines appears to have died out. It is too much for that people drawing their money out of the bank and investing in "railed" bills.

The local Chinese tong has buried the hatchet, yet that is what has made so much trouble. They insisted upon burying the hatchet in the head of some member of the rival faction.

It is understood that a prominent movie director has settled upon his wife property valued at \$100,000. A divorce action, thus indicating the cinema game is a better thing than driving a taxicab.

Possibly there would not be many attempts at hold-ups if news had not been published that there was so much wealth in the United States. Lawyers are trying to get their percentage.

Hog Island is now but a memory, but the other hogs who produced their pocketbooks by holding up the government during the war still maintain a stink in the nostrils of honest men. It is unnecessary to mention names.

There is only one way to stop the killing of folks by automobile accidents and that is to adopt constitutional amendment prohibiting the manufacture, use and sale of automobiles. But the lawyers are trying to get their percentage.

Governor Revises His Tax Plans.
LAWMAKERS ARE SWAMPED
Club Women Hear of Thousands of Bills Pending; Tax Issue Debated.

(Continued from First Page.)

but did not join his voice with the other tax writers. Mr. Seavey said that a considerable number of the bills pending in the legislature are of a nature that the State Controller made it clear that it is the duty of a member of the budget board to recommend the appropriation of funds sufficient to finance the State government as it is constituted, and that a budget board member is not empowered or permitted to recommend changes or eliminations in the organization of the State government.

When speaking his own opinions, Mr. Chambers has left no doubt in the minds of the people of the State that he sincerely believes considerable economies can be effected by a State administration genuinely desirous of practicing economy.

The Governor last night dwelt upon the fact that in the first King bill, which was defeated in the Assembly, no additional tax was placed on the street railways of the State. He said that the street railways are in poor financial condition. He further stated that the proposition of the increase proposed in the King bill will be felt by the people.

He failed to tell his audience that the new King bill proposes a direct increase of 35 per cent in the taxes of street railways, and, according to his own reasoning, such increase must be immediately reflected in higher fares if the street railways are to be rescued from virtual bankruptcy.

He admitted that if the rates proposed in the King bill are too high the companies will be able to go to court and prove the proposal to be confiscation.

This claim undoubtedly will be made by many of the interested corporations if the once-defeated bill is successfully forced through the Legislature after February 24.

BILL ASSAILED.

Charging that Gov. Stephens and his State administration are misinforming the people in their address on behalf of the King bill, Assemblyman Harry Lyons of Los Angeles last night made an energetic attack on the bill in an address at the Temple-street school auditorium.

The address was under the auspices of the Northwest Improvement Association.

"It is an unthinkable injustice upon the people of California, who are paying among the highest tax rates in the nation," said Lyons, "that the members of the Legislature should attempt to force the King bill through, and at the same time to stamp out the impending evil is now. We should make certain that the members of the Legislature know the will of the people—that they cannot and will not stand for any increase in their tax burden."

"The Governor and his satellites have been speaking for the King bill, performing the old trick of attacking the public utility corporations by declaring that they were not paying their share of the State tax and that the King bill would increase their tax rate. They know this is nothing but a trick, for the public utility companies will be allowed to assess the amount of the tax upon their consumers in higher rates for service."

"The Governor and the other administration speakers for the King bill have declared repeatedly that the public utility companies had not paid their full share of the taxes for years. This is untrue and the figures I have gotten from the State Controller's office records prove it. The railroads in California, for instance, have paid an increased tax, since 1916, amounting to about 47 per cent, while the rate of increase of taxes upon general property throughout the State was 34.95 per cent."

"The railroads, in 1916, paid taxes totaling \$6,822,111 while in 1920 their payment for taxes were \$10,122,749, an increase of 47.8 per cent. And any student of economy, especially in the case of the railroads, knows that in this State at least the railroads cannot stand an additional tax. The State Railroad Commission knows this and has stated officially that if the King tax is laid on the public utility corporations it will authorize them to reflect the increase in higher rates for service—transportation, power, fuel, light, and so forth."

With bills to the number of 2200 before the State Legislature, one of them forty pages in length and one asking for the abolishment of hip pockets, Speaker Wright of the Assembly told members of the Friday Morning Club yesterday that things had come to the point where he had not introduced a single bill, though he knew of one Assemblyman who had introduced fifty.

Then followed a discussion identical in its presentation to that given before the Women's City Club earlier in the week. Clyde L. Seavey of the State Board of Control speaking affirmatively for the King bill and Senator Rominger of Long Beach taking the negative side.

The Last Word in Becoming House Dresses

Is exemplified in these dresses, in which the average woman looks as becoming as she does in her matinee gown, nowadays!

There is absolutely nothing in these dainty hand-embroidered, many-colored creations that is suggestive of the old-time styles.

Possibly the dainty little ivory-white kitchens and breakfast-rooms of today, and the scarcity of housemaids, may have something to do with the evolution of such pretty garments.

Whatever the reason, they are here at Coulter's in an abundance and a beauty which is making this an extremely popular section of the store.

Why not have a "Duty Day?"

Good morning, Los Angeles. Personal Man, have you paid your license fee?

It is possible to get a draft through one of the new five-cent stores if you use a hat pin.

The tornado season has opened in the South. Nothing like that in the old Southern California.

Los Angeles has won the big plane base and it is a long time from this town to Moose Factory, Ontario.

Why not have the city register lectures on crime? They have a more about it than the police. And that is the truth.

Burglars should not park their cars in blocks along narrow streets. It makes it almost impossible for the patrol wagon to get by.

If there is ever an outbreak of the Bolsheviks in Los Angeles, the first point of attack will be the state stocks. Are there any in town? Yes, do.

Thirteen million dollars are reported in the United States. Simultaneously with this John Bull will likely file a claim for a loan.

A number of the present members of the Wilson Cabinet, it is announced, "have made no plans for the future." In other words, they are looking for a job.

That American admiral who brought seven Russian children into this country for adoption, intends to start his own Russian ballet. With regards to Paris.

Of course, the cost of bread can be reduced if every family bakes their own, but that would be a work so well, it would hamper the baker and mother in attending to the movies.

The price of seats in the New York Stock Exchange is advanced. But to the Angelinos who have been accustomed to standing on the street cars the high price will be no figure.

The talk about granting independence to the Philippines appears to have died out. It is too much for that people drawing their money out of the bank and investing in "railed" bills.

The local Chinese tong has buried the hatchet, yet that is what has made so much trouble. They insisted upon burying the hatchet in the head of some member of the rival faction.

It is understood that a prominent movie director has settled upon his wife property valued at \$100,000. A divorce action, thus indicating the cinema game is a better thing than driving a taxicab.

Possibly there would not be many attempts at hold-ups if news had not been published that there was so much wealth in the United States. Lawyers are trying to get their percentage.

Hog Island is now but a memory, but the other hogs who produced their pocketbooks by holding up the government during the war still maintain a stink in the nostrils of honest men. It is unnecessary to mention names.

There is only one way to stop the killing of folks by automobile accidents and that is to adopt constitutional amendment prohibiting the manufacture, use and sale of automobiles. But the lawyers are trying to get their percentage.

RAILWAY BOARD
QUIZ ENDS HEREInvestigators to Hold Next
Session at Bakersfield."Complainants" Sing Praises
of Commission Loudly.Hearing for Today Canceled
in Absence of "Kicks."

Investigation of the State Railroad Commission by a committee of five members of the State Senate and Assembly, headed by Senator J. M. Inman of Sacramento, ended here yesterday afternoon after dozens of "complainants" had joined in an extemporaneous chorus of praise for the commission and its work.

Having given the private citizens and the municipalities of Southern California three days in which to register charges and complaints and having been inundated with hearty words of commendation and appreciation for the Railroad Commission, the investigators decided to call off the hearing scheduled here for today and adjourned to meet in Bakersfield Monday.

Opportunity was given yesterday to city attorneys of various southern municipalities to register whatever "kicks" they might deem proper, and it had been generally supposed that some warm complaints would be made.

However, instead of howling for the commission's scalp, the city attorneys in one voice declared for the commission and its methods and practices. Even those who registered dissatisfaction with specific decisions of the commission asserted that they would not have the commission abolished and went on record as favoring expansion of the regulatory body to meet the needs of the State.

Neither would the city attorneys look with favor upon a return to the old system of having municipalities fix rates to be charged by public utilities. The attorneys, including the president of the Southern California City Attorneys' Association, John P. Dunn, city attorney of Monrovia, were agreed that the task of fixing rates is beyond the machinery of municipal government.

Among those who testified to the efficiency and integrity of the work of the Railroad Commission were bankers, labor leaders and consumers, including R. W. Fritcham, representing the Los Angeles Chamber of Commerce; Anthony Pratt, secretary of the Municipal League; Councilman Criswell, W. B. Mathews, special counsel for the Los Angeles water department; President Robertson of the Los Angeles Public Service Commission; Chief Engineer Osborne of the Board of Public Utilities; and L. H. Roseberry, vice-president of the Security Trust and Savings Bank.

Mr. Fritcham, who announced that he was acting with full authority from the board of directors of the Chamber of Commerce, said that the chamber deprecates all hasty and ill-considered criticism of the Railroad Commission, "being firm in the belief," he explained, "that a fair and impartial investigation of its work and record will show an efficient and conscientious discharge of duty by the commission."

Regulation by the Railroad Commission, according to Mr. Pratt of the Municipal League, has been better during the past eight years than in the former twelve years of the commission's existence.

"And this we say," he stated.

HIS MONEY NOT
FOR HIS WIFE.Doctrine of Equality of the
Sexes in Wage Earning
Helps Win Divorce.

Men and women now being on an equal footing as wage earners, Cornellius J. Pounds believes that if a wife wants money she can get a job and earn it. So Mrs. Anna Pounds stated yesterday in Judge Summerfield's court, where she was granted a divorce.

She told the court that once Mr. Pounds took her to Seattle and would not pay her expenses. She declared she had to get employment to earn money enough to bring her back to this city.

Despite the fact that there have been matters in which we disagree with the attitude of the commission, he added:

SERVICE TO CITY.

"Among matters in which the service of the State Railroad Commission has been valuable to the city may be mentioned the valuation of the Edison company's system for the purpose of purchase by the city; the regulation of natural gas brought here from the San Joaquin Valley; the routing of street cars to relieve traffic congestion; the Councilman Criswell also testified to the value of the services rendered Los Angeles by the commission, and City Attorney Jess Siphens asserted that the commission, from the standpoint of faithfulness to duty and efficiency, is above the average of governmental departments.

In the opinion of Mr. Mathews, special counsel for the city water department, the commission is an indispensable institution. His views are shared by Mr. Robertson of the Public Service Commission, who asserted that the Railroad Commission is the most important agency of the State government.

City Attorney Dunn of Monrovia said that his chief complaint against the commission is in the matter of procedure, although he frankly admitted that the city attorneys in some cases have been at fault.

UNJUST CRITICISM.

The Railroad Commission has been made the victim of unjust criticism, according to City Attorney Hazlett of South Pasadena, who said:

"We would be at the mercy of the public utilities if we did not have this commission. The Board of Public Utilities told the legislative investigating committee that he has become thoroughly convinced that the members of the commission have a high sense of duty and that the commission's engineers and other experts are unquestionably able and attack their problems from the viewpoint of service to the general public.

Mr. Roseberry testified that the same attitude of the Railroad Commission relative to utility rates has resulted in establishing utility securities on a firm basis.

He also strongly commended the service rendered the farmers of the State by the rail body, asserting that as a result of the careful work of the commission the banks of Southern California have loaned approximately \$10,000,000 to the ranchers of the San Joaquin Valley.

PICKS HEADS.Hollywood Organization Has
Meeting and Banquet.Rupert Hughes Calls Cinema
Nation's Greatest Art.Warns Against Censor Plans
and Praises Actors.At a well attended annual ban-
quet of the Hollywood Board of
Trade, held in the gymnasium of
the Hollywood High School last
night, the following members were
elected to compose the board of di-
rectors for the coming year: C. H.
Christie, J. S. Davis, R. J. Harwood,
R. C. Long, T. B. Marshall, M. F.
Palmer, Allan Shore, E. M. Tilden,
C. H. Wade and H. Wright. Presi-
dent G. G. Detzer presided, and
spoke briefly and pointedly on the
work accomplished by the Board of
Trade during the year just end-
ing, and outlined the needs for the
coming year. The officers of the
organization will be chosen by the
new board of directors at their first
meeting.The two principal speakers of the
evening were Rupert Hughes, au-
thor and dramatist, and Chief En-
gineer Mulholland of the Los An-
geles Public Service Commission.
After the art students of the high
school had decorated the gymna-
sium, the domestic science class
of the school for the eighth time
in as many years prepared and
served the banquet to the 300 mem-
bers of the Board of Trade and
their wives and families present.In his address on "Pioneering and
Developing the Motion Picture in
Hollywood," Rupert Hughes spoke
of the production of motion pictures
as the "greatest art of the American
people" and declared that the cin-
ema art is a step ahead of the
modern man. He also empha-
tically declared the contention
that prevailing immorality is not due
to motion pictures, automobiles or
dancing, but to "just plain human
nature.""Do not be fooled by a censorship
insanity that the present immorality
of young people or the crime
wave is due to the cinema, automob-
iles or dancing," he said. "There
was crime and immorality before
motion pictures. The Puritan fa-
thers admitted it existed in their
midst as it is admitted in all the
pages of history. People are too
likely to belittle the greatness of the
cinema art to look ahead at the
costumed actor or actress, and to
scorn the comedian who, above all,
is the greatest chemist of humanity.
Don't believe that actors and
actresses are all temperamental
more than plumbers. They are di-
ligerly human and the work they
are doing will live in future his-
tory."Mulholland spoke on "The
Hollywood Trade and the Water
Bonds." Rev. Phillips Ayers Esley
delivered the invocation. The High

The Floor o' Youth Feels
the Thrill o' Springtime!—There are hundreds of these Hats—and they are all
of them brand new.—We bought several hundred of them in order to get this
very low price—we wish now that we had bought them
by the thousand, for they are the most remarkable hats
that we have ever seen at this low price.—There are 12 different styles included—some
are for the little tots of 2 and 3 years—others for
all ages on up to the girls just ready to step into
womanhood. Note the six styles we have pictured.—Nearly all of these Hats have the long dangling
streamers that girls like so well, and practically
every color is here, most conspicuous among them
being Whites, Blacks, Browns, Navys, and quite
a few very striking combinations, such as Navy-
and-Gray, Black-and-Jade and Brown-and-Pheas-
ant.—We think these Hats will cause a sensation at
\$1.98.

TRIED CURSE
TO WIN LOVEWitness Says Man Hoped

Against Dr. Unger.Friend Wanted Complaint
Examined for Sanity."God curse Dr. Louise O. Unger
was the expression which Edward
F. Murray sought to hold in his
mind in order to win Dr. Unger
back, according to testimony which
Dr. Edward Bickford, a friend of
both Dr. Unger and Mr. Murray,
gave yesterday. In Judge Myers
court, Mr. Murray's suit against
the woman psycho-analyst, in which
he seeks to recover \$10,000 damages
as a result of a prosecution because of
an insanity complaint which Dr.
Unger made against him.Dr. Bickford was the friend
through whom Mr. Murray sent
burning letters to Dr. Unger when
the divorcee refused to give him fur-
ther treatment, after, as he charged,
she had suggested love charms to
him which finally made him indi-
ferent to his own wife and made
him worship Dr. Unger and envision
her as a perfect woman of marvel-
ous beauty."Mr. Murray wanted to see Dr.
Unger again after she had dismissed
him, and Dr. Bickford testified, "He
referred to treatments which she had
given him, said he wanted to con-
tinue his worship, and would
hold her in his mind in the same
manner in which she had appeared
to him during his treatments and
dreams.""He said that though she might
suddenly cast off his influence, his
thoughts and mental pictures would
go on her nerves and would as im-
agine her that she would awaken in
his night and be troubled by the
consciousness of the pictures which
he held in mind.""For a considerable period he
had prayed for her, and had used
the expression 'God curse Dr. Unger'
because, he said, he believed the
continued use of this method would
bring about the death of her resolve not
to see him again."Dr. Bickford also testified that
Mr. Murray had threatened to do
away with Dr. Unger and to end his
own life. Previous to the time that
Dr. Unger charged that Murray was
insane, Dr. Bickford himself had
prepared to have his friend's san-
ity investigated, he said. Experts
placed on the stand said that when
Mr. Murray came under their ob-
servation he was a paranoiac.John Myers, yesterday denied a
motion for nonsuit made by the
defendant, and when the case is
reopened Monday Dr. Unger will
have the stand and tell her version

SEA ROAD FROM
NORWAY BLAZEDHuge Motorship Inaugurates
Direct Freight Service.Regular Sailing Program to be
Adopted, Says Broker.Call Made Here by Another
Big Pacific Mail Boat.

Inaugurating a direct freight service between Los Angeles Harbor and Christiania, Norway, and other North European ports, the 11,900-ton motorship George Washington, flying the Norwegian flag, arrived in Los Angeles Harbor yesterday with more than 1000 tons of cement, chalk, canned goods and other commodities imported from Europe.

The George Washington is one of the largest motorships that ever entered the local harbor. She came here direct from Antwerp, where part of the cargo consigned to Los Angeles was loaded.

Great Scandinavian Freighter Arrives by Canal Route.

AMERICAN PACIFIC MAIL

Angels was loaded. Bucking heavy seas almost the entire distance, she made the run from Antwerp in thirty-four days.

Through the courtesy of the officials of the Los Angeles-Pacific Navigation Company, the motorship was permitted to tie up at the docks of the local company. The Norway-Pacific Line, owner of the George Washington, has not secured permanent docking space at the harbor as yet.

The motorship, commanded by Capt. Sverre Crosby, is a full-Diesel powered vessel and has a crew of forty-two.

John McLauren, local shipping broker, to whom the George Washington was consigned, announced yesterday that the fleet of motorships owned by the Norway-Pacific Line will be put on a regular schedule between Norway and Los Angeles Harbor and will carry freight both ways.

The first ship of this line to take cargo here for Scandinavia will be

the motorship Theodore Roosevelt, which is a sister ship of the George Washington, and is also on the Pacific. She is due here within the next fortnight to load a heavy consignment of cotton for the United Kingdom and general cargo for other European ports.

Another important event in the history of the local harbor took place yesterday when the Pacific Mail Steamship Company's giant liner Wolverine State, 21,000 tons, arrived from Baltimore en route to San Francisco and the Orient. The Wolverine State is the sister ship of the Creole State, which called here several weeks ago, inaugurating the service of these huge ships into Los Angeles Harbor.

The Wolverine State discharged a considerable amount of cargo at the outer harbor docks and also brought fifty-nine passengers, twenty of whom landed here. The vessel is due to sail early this morning.

of the No. 535 class, were allocated to this company by the United States Shipping Board.

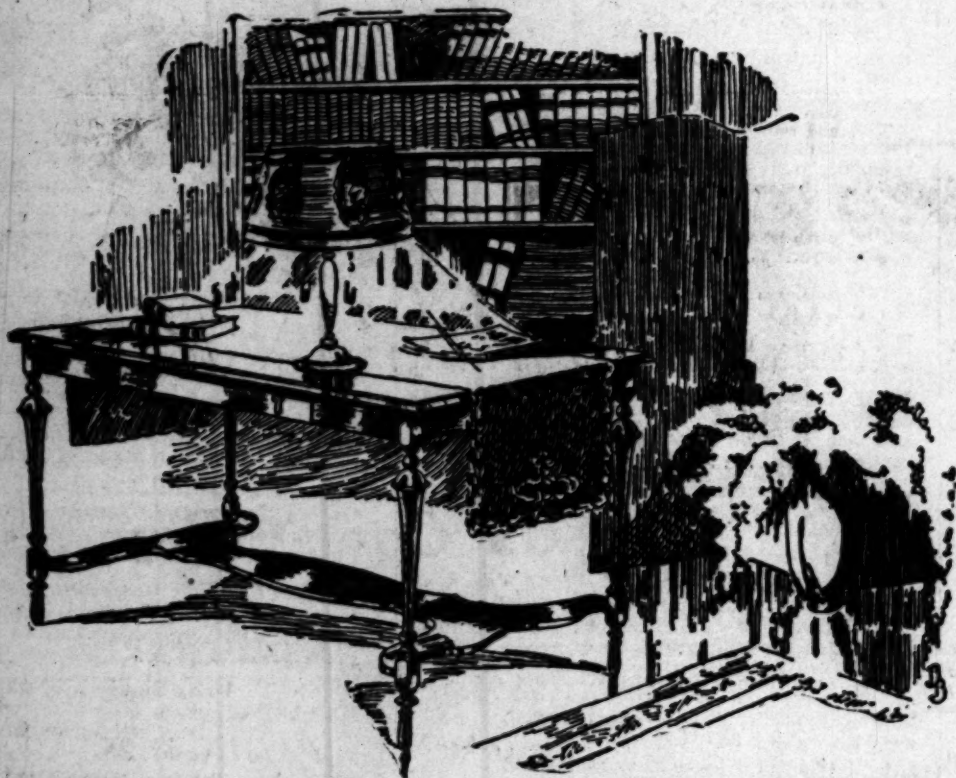

This port will be served by one or the other of these vessels every thirty-five days. The Buckeye State is scheduled to reach Los Angeles on its first trip in the new service March 1.

The ports of call for the service will be Baltimore, Havana, Panama, Los Angeles, San Francisco, Honolulu and Hilo. Offices have been opened by the company at 338 Merchants' National Bank Building.

BY DRAMA LEAGUE.
With Mrs. Winifred Rodman and Mrs. W. W. Burton presiding, there will be a dinner session of the Drama League in the assembly tea rooms at 6 p.m. today. The community workers in the drama field will present a symposium on the result of their work.

Your Spine Tells
Me The Story

It's Hard to Believe But
Here is Your Proof

Do not tell me anything, I will
point out the part of your
spine responsible for
your entire trouble

Study the chart carefully below.
The arrow points to the region of
your spine where a misplacement
of the vertebrae will be found.
Remember, an X-RAY PHOTO-
GRAPH of the spine will verify
the outline which follows. Make
your appointment today.

1. Slight subluxations at this point will cause so-called headaches, eye diseases, deafness, vertigo, vertigo, vertigo, facial paralysis, locomotor ataxia, etc.
2. A slight subluxation of a vertebra in this part of the spine is the cause of so-called throat trouble, neuritis, pain in the shoulders and arms, voice, nervous prostration, in gripes, diarrhea, bleeding from nose, disorder of gums, catarrh, etc.
3. The arrow head marked No. 3 points to the part of the spine where subluxations will cause so-called bronchitis, asthma, pain between the shoulder blades, rheumatism of the arms and shoulders, hay fever, writers' cramp, etc.
4. A vertebra subluxation at this point causes so-called nervousness, heart disease, asthma, pneumonia, tuberculosis, difficult breathing, other lung troubles, etc.
5. Stomach and liver troubles, enlargement of the spleen, pleurisy and a score of other troubles, so-called, are caused by subluxations in this part of the spine, sometimes so slight as to remain unnoticed by others except the trained Chiropractor.
6. Here we find the cause of so-called gall stones, dyspepsia of upper bowels, fever, shingles, hemorrhoids, worms, etc.
7. Bright's disease, diabetes, scurvy, kidney, skin disease, boils, eruptions and other diseases, so-called, are caused by nerves being pinched in the spinal openings at this point.
8. Reproduction of such troubles as so-called appendicitis, portitis, lambo, etc., follow Chiropractic adjustments at this point.
9. Why have so-called constipation, rectal troubles, sciatica, etc., when Chiropractic adjustments at this part of the spine will remove the cause?
10. A slight collapse of one or both innominate bones will likewise produce so-called sciatica, together with many "diseases" of pelvis and lower extremities.

MRS. PEETE ASKS
PUBLIC FOR AID

Appeals for Information to
Help New Trial Move.

Prospect Not Promising for
Forcing Rehearing.

State Thirteenth Juror Law
May be Attacked.

An appeal by Mrs. Loris Louise Peete, convicted slayer of J. C. Denham, for any information that might be of assistance in her fight for another trial was made late yesterday, shortly after a partial indication had been made in the Public Defender's office that her chances for a new trial as a result of the defense motion to be argued Wednesday before Judge Willis, are not very promising.

The statement of Mrs. Peete was a direct attack on a declaration made two days ago by Dist. Atty. Woolwine who said, "I trust it will not be necessary before this matter is over to put somebody in prison."

Mrs. Peete retorts as follows: "Regarding the statement of the Atty. General about putting somebody in jail for perjury, I would like to say that we do not want anything that is untrue. But we have any facts which might be of assistance in my case, these should be considered and not dismissed without any fear of intimidation."

Mrs. Peete reiterated her conviction that she will get a new trial and she discounted reports that she is reported to have said since she was convicted might as well hang as be hanged.

She has said nothing that would make me feel guilty in any sense of the word," Mrs. Peete said. "I am confident that no statements of mine, if properly quoted, will interfere with the attempt to get a new trial."

Mr. Angerer indicated that the prospects for forcing a new trial are not very encouraging. He dismissed three affidavits prepared by witnesses whose declarations were expected to qualify as the necessary evidence.

IT ALL DEPENDS
He had previously stated that the affidavits, along with others he made, will be served on the Public Defender's office Monday night. However, he said he had decided whether or not they will be served on the prosecution, and added that his action "depends on a certain contingency."

In view of his former plans this case taken to mean that the defense realizes it may not be able to present any new evidence of surprise weight to sustain the motion for another trial. It is no hope of their expectations of being able to succeed in the motion which comes up Wednesday in the court.

The certain contingency" mentioned by Mr. Angerer probably has to do with the result of inquiries he made of a Denver detective who returned Monday he had "located

BLAME IS LAID UPON JEALOUSY.

Husband Opened Windows
and Berated Her, Wife Says.

Charged "Almost Every Man"
Was in Love with Her.

But He Traces Divorce Suit
to Mate's Environment.

Love went astray in the home of Hugo and Edith Waldeck. Apparently it was a love match, but the piquancy of the daisy wife and the jealousy of the husband, it would seem, not to speak of his demeanor at an eventful card party, made a breach which brought the couple in to Judge Summerfield's court yesterday. Mrs. Waldeck sued for divorce, charging cruelty.

According to Mrs. Waldeck, her husband "crabbed" at the card party that he broke it up. He was also represented as being jealous of "almost every man" charging them with being in love with Mrs. Waldeck.

"Are you willing to live with your husband now?" asked the court.

"He promised so many times to do better," Mrs. Waldeck replied. "His reform hardly lasted one or two days, when he would start all over again. He went so far that he would open the windows of our home so that the neighbors could hear. He would call me blood-sucker and bone-head. He did not care what the neighbors thought; he did not care what my friends thought. He would go to the back window and call out to that people might hear."

"He would ask me to call him at 8 o'clock in the morning, and he would stay in bed until 10, and then say it was my fault."

An endeavor was made to show in behalf of Mr. Waldeck that the environment in which Mrs. Waldeck has moved is responsible for her marital troubles.

Attorney Lowenstein, representing Mr. Waldeck, opined that environment often breeds divorce. "Associating with a group of women imbued with the divorce bug, eh?" queried Judge Summerfield.

"That is exactly right," commented Mr. Lowenstein. The question is whether Mrs. Waldeck was encouraged in bringing the divorce action. Since the separation she has been going with a group who have been married and separated.

Attorneys Forrest and Moss objected to this line of argument. They charged that Attorney Lowenstein was "trying to throw dust in Mrs. Waldeck's eyes."

Mr. Waldeck, who is not contesting the case, was in court and took the stand. He said he loves his wife and wants her to return to him. He admitted he is irritable at times and of an excitable nature.

He charged his troubles to his mother-in-law, he asserted, has interfered with his family affairs.

"My wife is a good girl, and I love her," he declared.

The case will be resumed next week.

CHAMBER EXCURSION PARTY
SEES MANY SIGNS OF
RECONSTRUCTION.

Lavish entertainments in the true Mexican style are featuring the Chamber of Commerce, which left Los Angeles on Monday.

In a telegram from Frank Higgins, secretary of the chamber, sent yesterday from Hermosillo, he states that the Hermosillo Chamber of Commerce gave a breakfast in honor of the prominent business men of Los Angeles.

The affair was held in an "ornate mental orchard" and the country about, with its citrus fruits and roses, reminded the party of the southland of California.

Hermosillo has recovered from the revolution and is reconstructing at a wonderful rate, according to Secretary Higgins, who reports that there are wonderful possibilities in land development and that the Americans are coming in great numbers to take advantage of the rich country in the Sonora River delta lands. The party is to return to Los Angeles next Friday.

Police Certain Origin of Fire Was Incendiary.

Police and fire authorities yesterday failed to complete their investigations of a spectacular fire that late Thursday night, destroyed the plant of the Thompson Scenic Company, 444-444 Wilmer street, and caused a loss of more than \$70,000.

From evidence now in the hands of the police the authorities believe that the blaze was of incendiary origin. Police detectives late yesterday announced that some arrests in the case are expected by them within a few hours.

Besides destroying the scenic company plant, the fire burned two bungalows and damaged four other residences.

CLOSES COURT DOORS.

Juvenile Judge Hears Evidence in
Case Against Seven Boys.

Behind closed doors, all day yesterday, Judge Weyl of the Juvenile Court heard evidence growing out of the arrest of seven youths charged with contributing to the delinquency of two girls, each 14 years of age, one of whom is motherless.

The youths and the girls reside in Pomona. The evidence appears to be that the girls accepted automobile rides and their downfall resulted. The youths are Raymond Selk, Orville Sneed, Glen Filley, Lawton and Andy Jennings, Sylvester Shaffer and Raymond Hannister.

The girls, Violet Williams and Dorothy Hane, have been placed in the Truelove Home. The evidence was not all taken yesterday and the hearing will be resumed next Friday.

PREMIERE AT BENEFIT.

Classroom Feature will be Selected for
Hoover Fund Night.

That the world premiere of a feature cinema production will take place at the benefit for starting children at Philharmonic Auditorium Thursday, is now assured. Marco H. Hellman, chairman for the local Hoover Fund Fund, and Sol Lesser, appointed chairman of the entertainment committee for the benefit, will meet tonight and look at six feature pictures that have not as yet been released, and from these will make their selection.

Box offices for the benefit will be provided in every downtown theater lobby and hotel. Branch box offices will be installed in Hollywood and at the beaches and will be in charge of young society girls of Los Angeles.

Mrs. L. M. O'Brien, who asserts she was injured by a violet-ray apparatus which was guaranteed to be safe and harmless, filed suit yesterday against L. G. Dicker for \$40,415 damages. She states that when she tried to use the apparatus, she suffered a severe shock and her shoulder was wrenched.

RAIL FOR BOY CAR INJURED.

A verdict of \$1000 damages was awarded in Judge McCormick's court yesterday to Robert G. Stare, 7 years old, for injuries he received when an automobile owned by W. D. Lambert struck him Oct. 5, 1919. Mr. Lambert defended the suit on the ground that the boy was negligent and the accident unavoidable.

ROADS LOSE TO MEN.

Labor Board Gives Its Decision.

Refusal of Executives' Request for Abrogation of Agreements Unexpected.

Sides Taken Unavowed; Labor Unions Hail Action as Victory for Men.

(BY A. P. NIGHT WIRE)
CHICAGO, Feb. 10.—Decision of the Railroad Labor Board today that the national agreements shall remain in force until completion of a hearing was characterized as a victory by railroad employees.

The ruling came as a surprise to railroad and labor camps. Plans of union officials for abandonment of the railroad's request for immediate abrogation of the agreements.

Provided with a legal battery of arguments, the representatives of the railroad appeared to answer the request of W. W. Atterbury, president of the national association of the railroad employees, for the board's decision against granting the request for the railroad to do as it pleased with the men to do except file a statement prepared by R. M. Jewell, president of the railroad employees' department of the American Federation of Labor.

WALSH MAKES CHARGE.
This statement and an amplification by Mr. Walsh charged the railroad with being a party to an attempt at wiping out collective bargaining and crushing all labor organizations. When they had finished with the regular rebuttal of the railroad's evidence objecting to the national rules, the hearing was over until Monday.

Mr. Jewell's request for time to prepare his testimony met with approval from the rail officials, who promised to canvass the situation tomorrow and advise the board Saturday when he could produce his evidence.

Both sides expressed gratification that the hearing would proceed in regular manner. Mr. Atterbury, speaking for the railroad, declared that "if there was urgency" (Continued on Third Page.)

CALLERS SWAM

Long Waiting Line in Jobs and Offers

(BY A. P. NIGHT)
ST. AUGUSTINE (Fla.) Feb. 10.—A long line of callers waited for a three weeks' vacation. He made little progress with his correspondence.

On the other hand, if the day's correspondence produced any definite results, there was nothing to indicate it.

Harding slipped away during the day for a game of golf. A part of his daily routine, he said, was to go to the golf course. He did not pass up the opportunity to play. He was accompanied by his friend, a Colorado lawyer, who had accompanied the senator.

Mr. Harding was seen at the golf course. He was accompanied by his friend, a Colorado lawyer, who had accompanied the senator.

The outpouring of advice is to continue. Mr. Harding said he did not expect to leave the White House. (Continued on Second Page.)
